FIRST announcement

III EAST EUROPEAN RADON SYMPOSIUM

15 - 19 MAY
PARK HOTEL MOSKVA
SOFIA
Bulgarian culture and customs have its origins in the mix of a number of ancient civilizations, including Thracians, Ancient Greeks, Romans, Slavs, and of course Bulgars. As a result, Bulgaria has one of the richest architectures and history heritage. Its capital city – Sofia has a history of nearly 7000 years and it is the second oldest city in Europe after Athens. The vibrant city buzz will welcome you upon arrival and the remarkable city atmospheres will warmth your heart. We are proud to have the opportunity to introduce to you our country - a country where the Ancient meets the Modern.
Dear Colleagues,

On behalf of the Organizing committee it is an honor and great pleasure to invite you to the forthcoming Third East European Radon Symposium which will take place in the city of Sofia, Bulgaria in the period 15-19 May 2017.

The aim of TEERAS 2017 is to bring together and focus the efforts of research, industry and legislation on the task to protect the human health from radon in dwellings and working places.

The five day symposium program will offer diversity of topics covering impressive number of relevant research and practice areas: radon and thoron measurements, instrumentation, mitigation technology; valuable oral presentations and posters, plenty of opportunities for exhibitors, as well as excellent and creative atmosphere for discussion and networking.

I am looking forward to welcome you in Sofia!

Sincerely

Prof. Dobromir S. Pressyanov, Ph.D., D.Sc
President of the Organizing Committee

TEERAS 2017
ORGANIZING COMMITTEE:

- Dobromir Pressyanov  
  President TEERAS 2017, Bulgaria

- Ivelina Dimitrova

- Krasimir Mitev

- Strahil Georgiev

SCIENTIFIC COMMITTEE:

- Alexander Clouvas, Greece
- Alexandra Dinu, Romania
- Bernard Colignan, France
- Carlos Sainz, Spain
- Dobromir Pressyanov, Bulgaria
- Francesco Bochicchio, Italy
- James Mc Laughlin, Ireland
- Janja Vaupotič, Slovenia
- Krasimir Mitev, Bulgaria
- Krzistof Kozak, Poland
- Ladislav Tomasek, Czech Republic
- Luigi Tommasino, Italy
- Mehdi Sohrabi, Iran
- Michael Zhukovsky, Russia
- Michail Buzinni, Ukraine
- Peter Bossew, Germany
- Shinji Tokonami, Japan
- Tibor Kovac, Hungary
- Zdenka Stojanovska, Macedonia
- Zora S. Žunić, Serbia
- Zornitza Daraktchieva, UK
Main Topics

- Radon and thoron in dwellings and working places.
- Radon and thoron in the environment (incl. geological aspects, hydrology, seismology etc.). Radon as environmental tracer.
- Methodology and instrumentation for measurement of radon, thoron and their short-lived progeny. Data analysis.
- Advancing radon mitigation and prevention - lessons from the past and strategy for the future.
- Quantifying the radiological risk due to radon. Health effects, epidemiology and dose assessment.
- Radon legislation and radon programs. Risk communication and publicity.

Publication

Full texts of the oral and poster presentations will be included in the Symposium proceedings. Selected number of contributions will be published, after peer review, in a Special Issue of the Journal of Environmental Radioactivity.
## Preliminary Program & Call of Abstract
