## VI. Terrestrial Radioisotopes in Environment

International Conference on Environmental Protection

22-25 May 2018, Veszprém-Hungary

[www.treicep.com](http://www.treicep.com)

### Satellite meeting:

## IX. HUNGARIAN RADON FORUM AND RADON IN ENVIRONMENT

### Aim:

The aim of the conference is to make an opportunity for Hungarian and foreign experts, workgroups to meet each other and talk over different up-to-date problems and scientific challenges related to terrestrial radioisotopes. With this meeting we would like to offer a chance for scientists to present their results and initiate collaboration in the future. The meeting is of great importance to broaden our knowledge, experience and to keep local and international workgroups and researchers in touch.

### Proposed topics:

- Radon and thoron in the environment, radon mapping
- Radon mitigation methods
- Presence of terrestrial radioisotopes in the environment, equilibrium phenomena, measurement methods

- Radionuclide content of food products, water (tap-, well-, spring-, mineral, ground and sea water)
- Regulations related to radionuclides
- Radionuclide content of building materials
- NORM problems
- Radiological monitoring of nuclear facilities

### Structure:

Oral presentations, poster sessions are organized.

The main conference session will comprise oral presentations in 15-20 minutes.

A session for short (3-5 min.) oral presentations of selected posters will be included. A poster exhibition will be arranged for all accepted posters.

**Conference language:** English

### Venue:

University of Pannonia, building „B”, Conference Room (2<sup>nd</sup> floor), Egyetem Str. 10, Veszprém

**Date:** 22-25 May 2018

### Registration fee:

Regular fee: 200 EUR

Students and accompanying persons: 100 EUR

The registration fee can be paid at the conference desk or by bank transfer. If you wish to pay the Conference fee by bank transfer, please contact Conference Secretariat.

**Lunch and coffee/tea are provided**

## Organizing committee

### Conference chair:

Tibor KOVÁCS, PhD

### Conference secretaries:

Edit TÓTH-BODROGI, PhD

János SOMLAI, PhD

## Veszprém

The town of Veszprém awaits tourists with a set of attractions. Those visiting Veszprém can delight in the contemporary houses, churches, museums, the Fire-Tower, the castle district, and the buildings of the Castle Veszprém. The town hosts several programmes during the summer. The show-places of Veszprém include also the viaduct and the zoo of European fame, and the Kittenberger Kálmán Zoological Garden, which is one of the most beautiful parks in Hungary.

Veszprém is the educational, administrative, and cultural centre of the county. The town is proud of having two theatres: the Petőfi Theatre and the Pannon Castle Theatre. The town has several educational institutions, and rightly wears the name “academic town”.
